Triennial Report

A final report is a document that shows what was done during the last three years (or the period since the start of your project if the project was started less than three years ago) and what lies ahead. It will be submitted to the BPW international board for the international congress.

This is a proposal template for an annual report. All chapters below – except for the general information – are a suggestion: if a title makes sense to you, use it otherwise delete it. If you need other chapters, please add them.

Use text, pictures, graphs as it best suits you (Note: pictures, graphs often explain more than many words). There is no restriction concerning the length of the report.

Short Overview

Developing the relationship between the United Nations Global Compact and BPW Federations and Clubs.

Results

A paper was presented at the Asia Pacific Conference. This generated interest among the Federations to be involved in the program. As a result of my presentation I was invited to present at the Latin American Conference.

A visit to Ecuador to present a paper at the Latin American Conference was cancelled due to my continued ill health.

Goals for next period

Due to ill health I will not be proceeding in this role.

Challenges / Opportunities

Ill health limited what could be achieved.

I wish to register my appreciation to Daniela for her support.
